ANTAM Received Three Dharma Karya Energy and Mineral Resources Awards 2023

Jakarta, October 4, 2023 – PT Aneka Tambang Tbk (ANTAM; IDX: ANTM; ASX: ATM) member of Mining Industry Indonesia (MIND ID) – the State-Owned Enterprise Holding of the Mining Industry, received three Dharma Karya Energy and Mineral Resources Award 2023 initiated by the Ministry of Energy and Mineral Resources (MEMR) of the Republic of Indonesia. The award ceremony commemorated the 78th Mining and Energy Anniversary on Monday, October 2, 2023. The Dharma Karya Energy and Mineral Resources Award 2023 appreciates individuals/groups/institutions contributing to the developing the energy and mineral resources sector.

ANTAM's Director of Operations and Production, Hartono said:
"The appreciation given to ANTAM's employees as a form of the Company's commitment to increasing employee competency and striving for operational excellence, prioritizing good mining practices. ANTAM, as part of the MIND ID, Holding of Mining Industry, is always committed to contributing to developing the mineral resources sector to provide the best benefits for all stakeholders and society."

Through the "Sicepat Quality Control Group" (QCG) from North Maluku Nickel Mining Business Unit, consists of Akmal Wahyu, Hardiyanti Hendrik, Arwaldi, Abubakar Malik, and Fikri Hidayatullah, ANTAM succeeded in speeding up the process of reporting the results of nickel ore samples analysis to internal customers at the Quality Control Bureau from 4,227 minutes to 1,722 minutes per month during five months using the Sicepat Kilat application based on Google Appsheet.

Meanwhile, QCG Super Dream Team HSE from West Kalimantan Bauxite Mining Business Unit succeeded in optimizing the revegetation system and controlling erosion and also sedimentation by reusing organic and inorganic waste in land reclamation activities in the West Kalimantan Bauxite Mining Business Unit area. GKM Super Dream Team HSE consists of Sukirno, Andi M. Abdillah, Dian Adnan Firdaus, Toni Saputra, and Suhairi.

In addition, QCG PSS Alien from the Geomin Unit succeeded in speeding up the data analysis process to determine exploration target areas with the Artificial Intelligence Chat GPT and Google Earth Engine applications in the preliminary study of Geomin gold exploration. GKM PSS Alien consists of Bayu Rahmanto, Dirga David Suhendi, and Satriya Alrizki.
