INTRODUCTION

1.1 Rationale

The importance of the implementation of Good Corporate Governance (GCG) is both a requirement and demands which is inevitable in the global business development enhancement of the Company's image.

GCG is both the system and the structure in order to give confidence to all Stakeholders that the Company is managed and controlled in order to protect the interests of Stakeholders in line with legislation and GCG principles generally accepted as well as the one which will continue to be developed in universally. Basically the successful implementation of GCG is determined by the commitment of all levels of the Company elements, readiness and completeness of the supporting organs of the Company (infrastructure GCG) as well as other GCG policies (softstructure GCG) with regard to suitability, business characteristics and the Company's needs.

PT ANTAM Tbk, hereinafter referred to as ANTAM realizes the importance of the implementation of GCG as a tool and a way to increase the value and long-term business growth on an ongoing basis not only for the Shareholders but also other Stakeholders. Therefore, ANTAM is committed to implement GCG consistently one of which is carried out through the preparation of the Code of Conduct.

Code of Conduct is a set of commitments comprised of business ethics of ANTAM and work ethic of ANTAM Personnel prepared to influence, form, organize and conduct the conformity of behavior in order to achieve consistent output in accordance with the values and culture of ANTAM in achieving its vision and mission.

The Code of Conduct applies to all individuals who act on behalf of ANTAM, Subsidiaries and Affiliates under control, Shareholders and all other Stakeholders or Partners who conduct business transactions with ANTAM.

ANTAM always encourage adherence to Code of Conduct and are committed to implement it, and requires that the entire management from all levels within the Company are responsible for ensuring that code of conduct are adhered to and properly executed on each level.

As a form of that commitment, the Code of Conduct shall be Signed annually by all ANTAM Personnel whether by members of the Board of Commissioners, the Board of Directors, Committee Members as well as each individual whether ANTAM Personnel worked at the Head Office, Unit/Business Unit, Project, Subsidiaries and Affiliates under control as well as other personnel acting on behalf of ANTAM.

The signature is carried out in hard copy on the page of Statement of Commitment page of Code of Conduct Book or by online through company's internal site or others media. In order to encourage the implementation of Code of Conduct to run properly, the internalization and socialization programs are needed to be implemented in all areas of operations of the Company. Socialization and Internalization shall be carried out routinely to the ANTAM Personnel both at structural level and implementer level.

The Code of Conduct shall always be adapted to the development of law, social, norms, rules and business development of ANTAM. It is expected that all parties to provide input to the development of the Code of Conduct to be in line and synergize with the values already exist at ANTAM. Successful implementation of the Code of Conduct is strongly supported by the spirit, communication and shared commitment to implement them in their daily operational activities.

GUIDELINES AND PROCEDURE FOR WHISTLEBLOWING SYSTEM OF PT ANTAM TBK

GUIDELINES AND PROCEDURE FOR WHISTLEBLOWING SYSTEM OF PT ANTAM Tbk

Rationale

In an effort to implement Good Corporate Governance (GCG) properly in the Company, a strong commitment is needed as well as the support of good infrastructure and soft structure (work guidelines). As mandated in the principles of GCG, the Company in conducting its activities always take into account the interests of Shareholders and Stakeholders based on the principles of fairness and equality. However, the Company realizes that to be able to realize it needs a real effort that is not easy to implement.

In the implementation of the Company's operations, the rights of Stakeholders are often cannot be carried out properly, causing friction between the Stakeholders with the Company shown by the emergence of whistleblowing by the Stakeholders. Whistleblowing by the Stakeholders if not resolved properly will potentially harm the Stakeholders and or the Company. The lack of standard mechanism in handling of whistleblowing by Stakeholders may cause disagreement or dispute between the Stakeholders and the Company that tend to be protracted, among others, can be demonstrated by the emergence of Stakeholder's complaints in various media. The emergence of the complaints spread to the public through various media could result in declining reputation and potentially reduce public trust in the Company.

Resolution of whistleblowing by Stakeholders is one of the form of increased protection to Stakeholders to guarantee their rights in dealing with the Company. Therefore, it is necessary to arrange for the resolution of the whistleblowing for Stakeholders in the guidelines and procedures for handling of whistleblowing.

Guidelines and procedures for handling of whistleblowing is a system that can be used as media for whistleblower to convey information about the indications of violation occurring within a Company.

Information obtained from whistleblowing mechanism should get the attention and follow-up, including the imposition of appropriate penalties in order to provide a deterrent for perpetrators and also for those who intend to do so.

Thus, it is understood that ANTAM view the guidelines and procedures for handling of whistleblowing as part of the internal control system.

Purposes

- 1.As a basis or guideline of implementation in handling of whistleblowing by the Stakeholders.
- 2.Ensuring the implementation of resolution of whistleblowing mechanism effectively in a reasonable time.
- 3.Avoiding negative publicity against the Company.
- 4.Supporting the principle of fairness in the relationship between the Company as businesses with Stakeholders as the Company's partners.
- 5.As part of efforts to uncover the problems that exist in the organization, such as fraud, discrimination, harassment, or other irregularities that are not in accordance with the applicable Code of Conduct to the Company.
